GES LIBRARY NEWS SEPTEMBER 2021

Celebrate Grandparents Day
(Sunday, September 12th)

This day serves to honor and recognize the contribution of grandparents in our lives. Take an extra moment to appreciate all the joy and wisdom grandparents can bring.

Cuddle up and read with a grandparent. They have likely read about Curious George who turned 80!

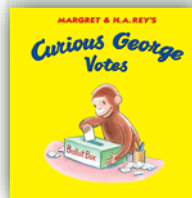

September is Curiosity Month

September was Curious George creator H. A. Rey's birthday and we use this month to encourage children to be curious and see the magic of learning and discoveries made through reading, just

like our favourite monkey George. (Well, maybe not exactly like him.)

We will be voting on what edition will our next added to our Curious George collection on September 20th.

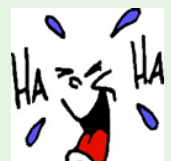

Thank You A HUGE thanks to Ms. Langlois for donating 30 brand new books for our upper elementary students. They will be available to borrow shortly.

Board Book Request The library is looking for gently used board book donations. As always, we will be learning about taking care of our library books and this will include limiting access from our siblings that are under 3 years old. Instilling a love of reading when children are young is very important so we would like to have board books available so younger siblings can more safely and easily read side by side with our GES students. More information will follow when the board books are ready to be lent out.

Library Laughs

What is the tallest building in the world?

The library because it has so many stories.
