P) Student Evaluation/Report and Assessment, Kindergarten to Grade 6

Evaluation – Evaluation is a continual process. Parents and students need to be aware of the procedures to be followed. A balanced evaluation process includes as many forms of evaluation as possible and appropriate to the student's development and level of achievement.

For students this means that their performance in daily work, in theme-related activities, and in learning centres may be evaluated through a combination of:

1. developmental checklists
2. portfolio assessment – that includes samples of work illustrating student achievement or identified goals
3. samples of work illustrating growth over time
4. checklists of academic and social development
5. anecdotal comments based on observations of development in curriculum
6. formal testing where applicable

Reporting

1. Formal written reports to parents 3 times per year, using the Provincial Report Cards.
2. Two scheduled parent/student/teacher conference days per year.

Q) Lockers These are assigned to students at the beginning of each school year. In some cases, it may be necessary for students to share a locker. Students are expected to keep their lockers neat and clean at all times. Lockers are the property of the Pine Creek School Division and may be inspected by the principal. The students may lock their locker. Those wishing to must turn in their combination, or a spare key, to the principal. The school will not be held responsible for lost or stolen items or money. Students are advised to leave items of value, or large sums of money with their classroom teacher.

All email sent or received on student accounts, and activity on the device, may be viewed by staff members. Any school device that is used at home is the property of the school, with expectations that it is used according to school policy for school work. The use of cell phones is prohibited during school hours.

S) Dress Policy Students need to be dressed appropriately outside and inside while at school. Clothing regulations consider safety, health, and the maintenance of a work atmosphere similar to that of an office. Suitable outdoor clothing is required when the temperature drops and the weather is inclement. Once a student steps in the school, all headwear is to be removed. Students must wear footwear at all times in and out of the school. Gym shoes with non-marking soles, and change from class clothing are required for Phys. Ed. class. Clothing should not depict illegal activity, hate, discrimination, profanity, drugs, alcohol, violence, suggestive, or sacrilegious messages.

T) Evacuation Procedures

a) Fire Drills

Regular fire drills will be held throughout the school year. Students are to remain quiet, and move in an orderly fashion under the direction of their teacher. All personnel are to exit the building by the nearest exit. Exit signs are above all class doors. After leaving the building, the students will line up in classroom groups in their assigned area. Should the occasion arise that the school may be locked down for emergency reasons, staff will immediately lock their classroom doors and all students/staff will move away from any windows and hide out of sight as much as possible. Police and the Division Office will be notified immediately.

U) Accident Insurance

It is recommended that students participating in extra-curricular activities have some type of insurance. For some extra-curricular activities, it is mandatory. Insurance can be purchased at manitobastudentinsurance.ca or by calling 1-800-463-5437.

V) Community Use

Anyone wishing to use the school during non-school times must fill out a "Permit for Use of School" form which is available at the General Office. The school requires time for processing this form so please give proper notification. Permission is granted at the discretion of the principal.

W) Protocol

If there is a concern regarding what is happening in a specific classroom, a definite process must be followed. The first step parents must take is to meet directly with the teacher, expressing those concerns. The teacher then has the opportunity to respond and address the situation.

If the concern persists after a reasonable period of time, then the parent should make an appointment with administration for further discussion.

However, when a teacher has repeatedly tried to deal with a student whose behaviour interferes with the learning of other students or prevents the teacher from teaching, the teacher should refer the student to the administration.

In situations where safety is compromised or the infraction is deemed serious, the administration should be consulted immediately.

The principal will: a) i) Discuss the issue with the student and emphasize the rules of the school, expectation of the student, and the consequences to follow should behaviours repeat.

or
